Glow Sofa

Available February 2022

The Glow sofa has an exquisite aesthetic and design that instantly catches the eye. It is designed with beautiful pure lines and has a slender, luxurious and sophisticated design with a contemporary appeal.

The Glow Sofa is designed with the ultimate comfort in mind. Glow is produced with the assumption that it will get plenty of use. The exclusive foam top gives the seat exceptional comfort and ensures it will stay in shape for years and years. The thick and highly resilient foam seat cushions, wrapped in a soft cover of seabird feathers, gives the Glow sofa a superior comfort.

Choose between two different armrests for the Glow Sofa, either bend plywood or a classic fully upholstered. The armrest with bend plywood comes in oak or walnut wood. The legs are available in black- or polished aluminium.

FLEXLUX PRESENTS

New upholstery

Available February 2022

We welcome a new beautiful upholstery fabric and two genuine top grain leathers to the Flexlux collection. The new fabric is named Alba and is a real eye-catcher.

Alba is a jacquard chenille woven fabric with a sophisticated look and beautiful structure. The exclusive Alba fabric comes in five different colours. The texture and the soft feel is closely associated with high-end fashion garments. Alba is OEKO-TEX® certified and has a high abrasion resistance.

Omaha and Dakota are corrected leathers from buffalo hide. Corrected leather is leather that has been given a robust surface treatment in the form of a colour layer that is laid on top of the leather. This type of leather is the most uniform in pattern and colour throughout, and has great resistance to spills and scratches. Omaha and Dakota leathers are available in 5 different colours.

Omaha leather has an elegant top surface and exclusive touch. Dakota has a characteristic structure and a firm touch and feel. Omaha and Dakota are both easy to clean and maintain.

Change positions smoothly and effortlessly

Flexlux offers three functions

Gas spring mechanism

With the gas spring mechanism your favorite position is just a pull away. The gas spring mechanism allows you to change positions smoothly and effortlessly, ensuring a calm place to relax.

Gravity based recline function

The Gravity based recline function is adjustable for both height and weight. The dual adjustment mechanism of the gravity technology provides you with a natural and stylish retreat that quickly lets you adjust the angle to your preferred position.

Integrated footrest function

The motion touch panel is based on the same technology as the gas spring mechanism. The panel is placed under the arm, perfectly for adjusting the back angle and the integrated footrest with a double motor function. This ensures that you will find pleasure in every moment. Choose between a solution with cable or a wireless solution with rechargeable battery.
