

TEMAHOME

DESIGN IS AN INSPIRATION

"I like the dreams of the future better than the history of the past."

Thomas Jefferson

Foi com os olhos postos no futuro que a nova colecção Temahome 2017-2018 foi concebida. Porque queremos ir mais além. Porque a tradição e os feitos que nos trouxeram até aqui são importantes, mas não são suficientes para que possamos ser mais relevantes a cada dia que passa. Para isso é preciso inovar, ser diferente, ser melhor. Porque percebemos que todos os anos é preciso começar de novo e inspirar os nossos clientes, os nossos parceiros, os nossos pares. Um mundo em permanente mudança implica necessariamente um design em permanente mudança e esse é o nosso desafio: desenhar hoje o que queremos ser amanhã e criar a nossa própria intemporalidade. Haverá outra forma de viver os sonhos do futuro?

TemaHome's 2017-2018 collection was created with an eye to the future. Because we want to go further. Because tradition and past achievements, though important in having got us to where we are today, are not enough for us to continue to be relevant in the future. For that we need to innovate, be different, be better. Because we understand that every year we need to start over so that we can continue to inspire our clients, partners and peers. An always changing world requires design that is always changing. That is our challenge: design today what we want to be tomorrow and shape our own timelessness. Is there any other way to live the dreams of the future?
