# A bright moment

## - Normann Copenhagen presents the Momento table lamp

The Momento LED table lamp is the designers Daniel Debiasi and Federico Sandri idea of a new and simplified version of the classic office lamp. In Momento's design, the typical technical office lamp details have been replaced by an elegantly balanced architecture, which is easy to adjust to the lighting need of the moment.

The mobility of the Momento lamp has been achieved in a simple and intuitive way by using a simple connection between a stable base and an adjustable lamp arm. The arm rests in a tubular grip that allows it to slide forwards and backwards and turn in the connector. The light source itself can be tilted up and down easily by gripping the lampshade's narrow top.

The quirkishly tweaked lamp top adds something soft and atmospheric to Momento's clean visual impression. The lamp wiring is hidden in the metal arm and the switch is discretely integrated in the top of the lampshade. Together with the simple construction, these details create a light and airy design.

The Momento table lamp has been designed with an energy-efficient LED lighting source and integrated dispersion lens, which create an attractive and comfortable light. A soft-touch three-level dimmer allows the intensity of the light to be easily changed. Momento is available in black, white and grey, as well as deep petroleum green.

**Colours:** Black, white, grey, petroleum

**Materials:** Plastic, powder coated steel, LED

**Dimensions:** H: 44 x L: 51 x D: 16.5 cm

**Price:** EUR 269,- / GBP 199,90,- / USD 295,-
