Checklist

So you won't forget any of our choices...

Please use this checklist in order to discuss all options with your customer.

An absolute must

The following options must be considered for this model (please always mention with your order):

Feet

Accessories

Have you informed your customers about the selection of our accessories?

Stool bench

Pillow

Headrest

Product and ordering information

Frame:	Load-bearing parts of the frame made of solid wood and wood materials, surfaces lined with padded cardboard.
Seat:	Spring system with permanently elastic steel sinuous springs and upper-side cover. Loose seat cushions made of HR/cold foam (at least RG 35), structured in layers harmonised in different thicknesses and hardnesses. Seat covered with a ticking (filled with high-quality filling materials, contain an admixture of feathers). Cover made of cotton wadding. Velcro strips are located under the seat cushions for a better grip.
Back:	Loose back cushions with HR/Cold foam (at least RG 25) with a ticking (filled with high-quality filling materials contain an admixture of feathers) and a cover of cotton wadding. (For illustration see „cross sections and ordering information“)
Upholstery:	Especially light upholstery is distinguished by its highly soft surface. In new condition, the covers exhibit a pronounced wave pattern purposefully based on the design and structure. The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.
Chamber cushions:	This model features high-quality chamber cushions. The filling material is held in chambers within the cushions to prevent it from shifting. The chambers and the filling material can stand out more or less depending on the type and thickness of the cover material. In order to prevent the filling material from bulging, these seat and back cushions should be plumped up, just like you do with pillows.
Dimensions:	Height: 81 cm Depth: 90 cm Seat height: 46 cm Seat depth: 59 cm

cross sections and ordering informations

Miscellaneous:

All materials used meet the requirements of the DGM according to RAL GZ 430. The appearance of the stitching may vary depending on the fabric, leather and artificial leather used. The definition of quilted mats and cushions depend on the design and structure. The appearance of decorative, fell and double seams may vary depending on the fabric, leather and artificial leather used.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather samplers.

All values stated in the price list are approximate measurements in centimetres, determined by the usual measuring method (see RAL-GZ 430) and in unused new condition.

Please note that in the course of use of very casual upholstered furniture, particularly the seat height and seat depth, there may be noticeable deviations from the dimensions given here. We reserve the right to make changes in form, colour and construction in the course of technical progress.

Please note orders always as standing in front of it from left to right!

Are you demanding? That's fine - we are too!

Therefore, we attach great importance to durability, material quality, longevity, safety and health tolerance!

Because our furniture meets the high standards of the Gütegemeinschaft Möbel e.V., our entire product range is awarded the quality mark „Goldenes M“ and the highest possible emission class A.

... das geprüfte Möbel

Quality mark „Goldenes M“

Nearly 50 years of research, laboratory tests, field tests, comparisons and scientific exchange is behind the RAL quality mark „Goldenes M“.

- Tested quality according to quality and test regulations RAL-GZ 430
- Guaranteed safety through elaborate laboratory and functional tests
- Healthy living through strict limits for pollutants - sometimes more stringent than the law requires, which were determined in independent test laboratories

The „Goldenes M“ means for the furniture buyer: This is quality, you can rely on.

Emissionsklasse für Möbel nach der RAL-Registrierung RAL-RG 437 der Deutschen Gütegemeinschaft Möbel • Emission class for furniture according to RAL-RG 437 • www.emissionslabel.de

Emission label

An expert group of the Deutsche Gütegemeinschaft Möbel e.V. has developed in collaboration with leading test institutes such as TÜV Rheinland, the LGA Nuremberg and the ECO Institute an Emission label for furniture.

- The label gives the consumer information about pollutant emission and should protect him from health protect impairments
- The entire range is classified according to these guidelines
- The proof of classifications is based on compliance of the awarding basis with appropriate pollutant tests from neutral testing institutes based on the requirements of RAL-GZ 430 or the Blue Angel's.

Our products meet the highest emission class „A“, which gives us a clear conscience and you a maximum of safety with regards to the emission levels of your upholstery.

Are you demanding? That's fine - we are too!

Especially in the leather area, a responsible approach to the environment and health is very important for us.. Our leathers have been awarded the „Blue Angel“ because we specifically select upholstery leathers for our furniture that are harmless to health.

So that our customers can enjoy their leather furniture for a long time, we now offer the possibility to take out an additional 5-year service guarantee up to 4 weeks after purchasing the furniture.

www.blauer-engel.de/uz148

Blue Angel - environmentally friendly upholstery leather

The Blue Angel for low-emission upholstery leather signals that the excellent leathers minimize the environmental and health burdens from production over the entire daily use to recycling and disposal. The following leather qualities are awarded with the Blue Angel:

Cento
Dickleder Torero
Life-Line
Nature

The Blue Angel is the world's most successful eco-label with a brand awareness of 92%!

The Longlife 5-Year Service Warranty

With the right cleaning and care products you keep the value of your upholstered furniture and enjoy it for a long time. As part of this 5-year service guarantee, you will receive professional phone support, free special products and free support.

The warranty can be completed for the following leather qualities:

Cento
Dickleder Torero
Mercury

Longlife
by 3C Care

The Longlife 5-Year Service Warranty provides security for a upholstery leather that is particularly durable and easy to care for!

For more information please see www.3c-care.de

What is OEKO-TEX®?

Many of our fabrics and upholstery materials have been awarded the STANDARD 100 by OEKO-TEX® label. If a textile article has been awarded this label, you can be sure that this fabric or upholstery material has been tested for harmful substances and the article is therefore harmless to health.

You can find information on which of our upholstery fabrics are certified and other helpful information on our homepage at <https://www.candy-polstermoebel.de/bezuege/stoffe/>

The award offers you the following advantages:

(example label)

- STANDARD 100 by OEKO-TEX® is one of the world's most renowned labels for textiles tested for harmful substances. It stands for customer confidence and high product safety.
- The testing is carried out by independent OEKO-TEX® institutes on the basis of a comprehensive OEKO-TEX® criteria catalogue.
- The test procedure takes into account many substances, both regulated and non-regulated, that could be harmful to human health.
- In many cases, the limit values set for the STANDARD 100 go beyond national and international standards.
- The catalogue of criteria is updated at least once a year and expanded to include new scientific findings or legal requirements.
