Climate Conscious

We have been flatpacking since 1989, enabling maintenance and replacement of parts, minimizing CO_2 emissions during transportation, and preparing for disassembly and recycling.

Give back to Nature

We are putting our sustainable beliefs into action.
By planting at least 10.000 new trees every year we contribute to the balance of the global ecosystem.

Comfort by Day & Night

Design and comfort must go hand in hand.
We strive to ensure that each sofa bed is equipped with the optimal comfort to give you the best sitting and sleeping experience.

5 Year Warranty

Quality and durability are the center of our design and production process. We offer 5 year warranty on all designs and lifetime warranty on slats and gears on all sofa beds in the Multifunctionals category.

Your personal choice of comfort & style

In the following pages you can discover the various designs in the category of Multifunctionals.

Comfort and style are universally understood, but we recognize your desire to add a personal touch and create a sofa that is made according to your preferences of comfort and style.

Your choice of comfort

Choose between our four high quality mattresses shown below.
The shown mattresses can only be used for the Multifunctionals range.

Classic
Firmness rating: Firm

Mattress sizes: 120 / 140 x 200 cm.

Made from recycled foam, the Classic mattress is durable and provides a high degree of support for a comfortable sleep. Our high density foam provides strong motion isolation, making it easy to share the mattress. Choose our Classic mattress for a firm comfort.

Latex
Firmness rating: Medium

Mattress size: 140 x 200 cm.

A breathable natural core of high quality latex ensures a durable mattress that adjusts to your body. Latex sleeps cooler than foam and reacts instantly to your every move. As Latex is derived from a sustainable resource, it is the eco-friendly choice. Choose our Latex mattress for a medium comfort.

Spring
Firmness rating: Soft

Mattress sizes: 120 / 140 x 200 cm.

Featuring pocket springs, the Spring mattress is the obvious choice for a soft comfort with effective pressure relief. Adding several layers of fibrefill assures the immediate comfort and further helps reduce heat during the night. Choose our Spring mattress for a soft comfort.

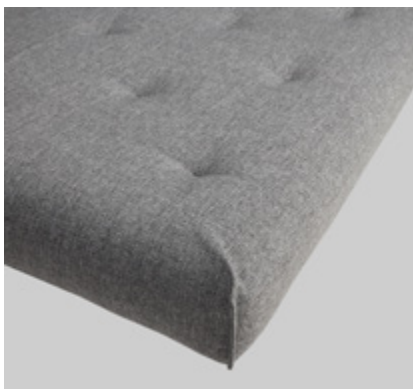
Soft Spring
Firmness rating: Extra soft

Mattress sizes: 120 / 140 x 200 cm.

The Soft Spring mattress offers a unique comfort achieved through the combination of pocket springs and the built in topper of hyper soft foam. Choose our Soft Spring mattress for an extra soft comfort.

Your choice of styling

Decide the look and fabric for your mattress, and in the following pages the leg/arm option you prefer.
For fabric options, see page 145.



Nordic Mattress (Non-detachable)

This is the standard mattress look with pull downs. You decide on the textile you like, and should you later happen to change your mind about style or colour, you can choose between the two detachable cover options we offer. Available for all mattresses.

Nordic Cover (Detachable)

This cover has a sleek, rounded surface with stylings in each of the corners of the mattress. It covers up your entire mattress, giving you the option of choosing a different colour. Should you want to change the look, simply buy a new cover instead of a new mattress. Available for all mattresses.

Sharp Plus Cover (Detachable)

This cover has a sleek surface with stylings across the edges of the mattress. It covers up your entire mattress, giving you the option of choosing a different colour. Should you want to change the look, simply buy a new cover instead of a new mattress. Available for all mattresses.

The sustainable choice

If your preferences should change over time, do not worry. Both styling and comfort can be renewed. This is our way to prolong product longevity. Additionally, we offer lifetime warranty on slats and gears on the entire Multifunctionals category.

Frame cover

A back frame cover is always included. If you like the full cover look, a seat frame cover can be purchased.
