## **Product and ordering information**

---

<b>Frame:</b>	Load-bearing parts of the frame made of solid wood and wood materials, surfaces lined with padded cardboard.
<b>Seat:</b>	Spring system with permanently elastic straps and upper-side cover. Seat made of PUR-foam (at least RG 35), structured in layers and harmonized in different thicknesses and hardnesses. Seat covered with cotton wadding
<b>Upholstery:</b>	Soft, loose upholstery where the covers exhibit a pronounced wave pattern and seat imprints purposefully based on the design and structure. The upholstery will adjust to the shape of the body and the seat firmness will give a little bit. Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.
<b>Back:</b>	Fixed back made of ergonomically shaped foam, structured in layers harmonised in different thicknesses and hardnesses. Cover made of cotton wadding.
<b>Decorative fabric:</b>	Pattern matching is not possible for the decorative fabric (decorative fabric PG 6 / decorative fabric PG 10). The prices can be found on PG 6 or PG 10.
<b>Functions</b>	motorized function / headrest is always adjusted manually The chaise longue offers a USB charging port.

## Product and ordering information

---

**Miscellaneous:** Please note that the extended footrest and the lowered back cannot be used as a seat. These are only designed to support the legs or to be used as a backrest / headrest. The load limit for both the footrest and the backrest is 80 kg each. The maximum total load limit for the seat surface is 120 kg for the chaise longue and 200 kg for the chaiselongue Maxi. An excessive loading can damage the mechanics, causing the furniture to lose its stability.

All materials used meet the requirements of the DGM according to RAL GZ 430. The appearance of the stitching may vary depending on the fabric, leather and artificial leather used.

The definition of quilted mats and cushions depend on the design and structure.

The appearance of decorative, fell and double seams may vary depending on the fabric, leather and artificial leather used.

All backrest tensioning parts are supplied as standard in their respective original covers.

Material-related information can be found in our fabric and leather flaps on the back with the individual fabric and leather qualities.

All values stated in the price list are approximate measurements in centimetres.

We reserve the right to make changes in form, colour and construction in the course of technical progress.

Please note orders always as standing in front of it from left to right!

### Are you demanding? That's fine - we are too!

Therefore, we attach great importance to durability, material quality, longevity, safety and health tolerance!

Because our furniture meets the high standards of the Gütegemeinschaft Möbel e.V., our entire product range is awarded the quality mark „Golden M“ and the highest possible emission class A.

### Quality mark „Goldenes M“

Nearly 50 years of research, laboratory tests, field tests, comparisons and scientific exchange is behind the RAL quality mark „Goldenes M“.

- Tested quality according to quality and test regulations RAL-GZ 430
- Guaranteed safety through elaborate laboratory and functional tests
- Healthy living through strict limits for pollutants - sometimes more stringent than the law requires, which were determined in independent test laboratories

The „Goldenes M“ means for the furniture buyer: This is quality, you can rely on.

### Emmission label

An expert group of the Deutsche Gütegemeinschaft Möbel e.V. has developed in collaboration with leading test institutes such as TÜV Rheinland, the LGA Nuremberg and the ECO Institute an Emission label for furniture.

- The label gives the consumer information about pollutant emission and should protect him from health protect impairments
- The entire range is classified according to these guidelines
- The proof of classifications is based on compliance of the awarding basis with appropriate pollutant tests from neutral testing institutes based on the requirements of RAL-GZ 430 or the Blue Angel's.

Our products meet the highest emission class „A“, which gives us a clear conscience and you a maximum of safety with regards to the emission levels of your upholstery.

---

**Are you demanding? That's fine - we are too!**

Especially in the leather area, a responsible approach to the environment and health is very important for us.. Our leathers have been awarded the „Blue Angel“ because we specifically select upholstery leathers for our furniture that are harmless to health.

So that our customers can enjoy their leather furniture for a long time, we now offer the possibility to take out an additional 5-year service guarantee up to 4 weeks after purchasing the furniture.

**Blue Angel - environmentally friendly upholstery leather**

The Blue Angel for low-emission upholstery leather signals that the excellent leathers minimize the environmental and health burdens from production over the entire daily use to recycling and disposal. The following leather qualities are awarded with the Blue Angel:

Cento  
Dickleder Torero  
Life-Line  
Nature

**The Blue Angel is the world's most successful eco-label with a brand awareness of 92%!**

**The Longlife 5-Year Service Warranty**

With the right cleaning and care products you keep the value of your upholstered furniture and enjoy it for a long time. As part of this 5-year service guarantee, you will receive professional phone support, free special products and free support.

The warranty can be completed for the following leather qualities:

Cento  
Dickleder Torero  
Mercury

**The Longlife 5-Year Service Warranty provides security for a upholstery leather that is particularly durable and easy to care for!**
