SERENE SKIES

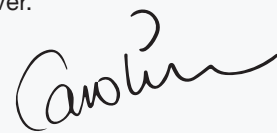

SPRING COLLECTION

Inspired by Dutch sunny skies, this spring collection creates a serene and modest environment at home. The collection is characterised by bulky and round shapes, soft lines and bright colours. Feel at ease and take a seat back in your comfortable living area. Take yourself to a serene atmosphere where it feels like you're sitting on clouds.

It's always there, right above our heads; the sky. Our spring collection radiates calm and serenity. Colours are inspired by the stunning Dutch skies in spring, like sand, caramel, moss green, pink and blue. Round and bulky shapes and rich, comfortable fabrics can be seen in the Eden lounge chair and the Fat Freddy sofa. Combined with pure materials like glass, wood and ceramics, reminds us of this beautiful display of the sky.

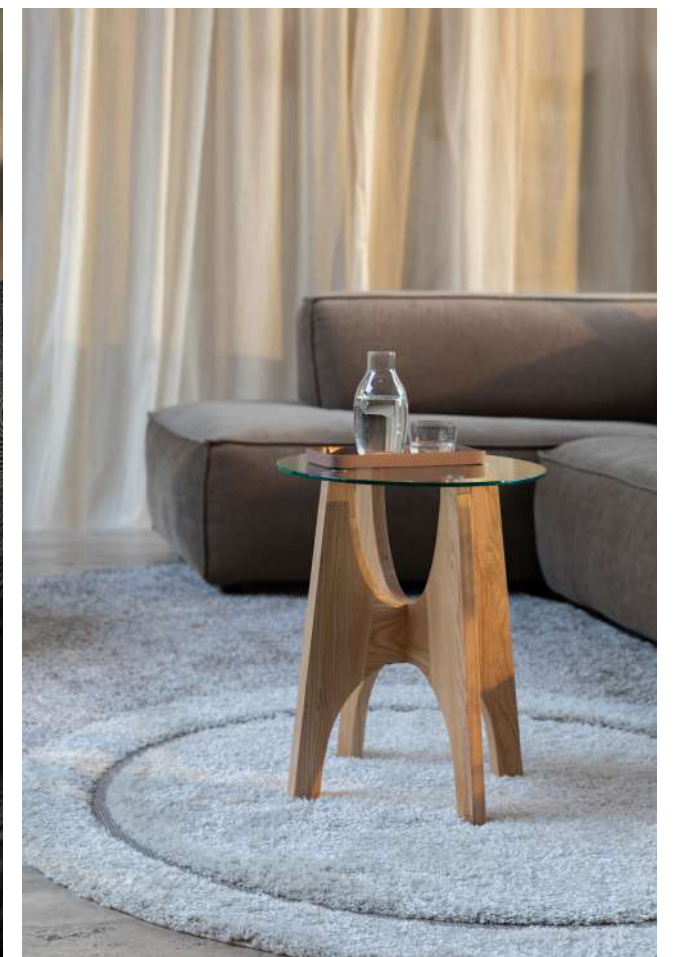

"Spring season boosts my energy and lush for life. A clear blue sky on a sunny day instantly lifts my mood. The feeling and appearance are captured in the new spring collection. This collection of serene and modest furniture provides a soft and comfortable image. Settle down on clouds of comfort, reflecting lots of sunlight."

Caroline van Velze, Creative Director Zuiver.

Products marked by this icon are part of the Spring collection which will hit stores on April 4th.

WHO ARE WE?

Zuiver [adjective] means 'Pure' in Dutch. 'Zuiver' to us means clean, pure and true designs for everyone, but not just anyone. Born in 2011 and rooted in Westzaan - a little village northwest of Amsterdam, The Netherlands - we believe that creativity makes the world more comfortable. Creativity can take the world to places we never imagined, but the most important place of all will always be home. Creating a safe haven, where you can calm down and be yourself. To make your own space as comforting as can be and evoke a sense of home. With our contemporary range of furniture, lighting and accessories we bring forward-looking materials, ideas and designs into any home. Tomorrow's designs for today's interiors.

SUSTAINABILITY

We are not a sustainable brand. Up until now, Zuiver has taken the first steps towards sustainability. We introduced the first sustainable product designs in our collection (indicated in this catalogue with a sustainability logo). In 2019, we presented our Thirsty chair, made of 60-100 upcycled PET bottles. In 2021, we introduced a new conscious edition of our iconic Albert Kuip chair series, a bioplastic version containing 42.5% coffee residue, and the Good Plastic Desk in collaboration with The Good Plastic Company. In 2022 we launched The Ocean Chair, made of 100% ocean plastic. Follow our website to be part of this journey.

Zuiver is part of the Zuiver Group, a family of interior brands, driven by our desire to make spot-on interior products available to everyone. As a frontrunner in the furniture design field, we feel it's our responsibility to minimise our environmental and social footprint by

exploring alternative materials and production methods. 'Spot on Responsibility' is our internal strategy that was introduced in 2019 in order to transform how furniture is made and (re)used. It outlines the actions we are taking to move our business, and the design industry as a whole, towards a more innovative and responsible future. We do this because resources are limited and for us, taking action on climate change and recognising human rights are non-negotiable. Every single product we design and sell has some connection to natural resources. We are ready to make new choices in order to treat our planet with the utmost respect and to minimise our company's social and environmental footprint.

CLIMATE-FRIENDLY CATALOGUE

Sustainability also applies to this Zuiver catalogue. Zuiver Group supports the climate initiative of the printing and media industries federations (bvdm) who offer their customers environment-friendly and climate-friendly print products. The Climate Neutral label guarantees climate neutrality, which means that we have calculated the carbon emissions inevitably

generated in the process chain, and compensated its emission via recognized carbon offset projects. Projects, cofounded by the WWF too, such as: wind energy in Asia, reduction of smoke emissions and reforestation in Africa and landfill gas in South America.

SUSTAINABILITY

“When we design, we design for the future - not only in how our products look, but also the wider impact they have. We need to rethink the decisions we are currently making when it comes to natural resources. As a mum of three, I want my children and future grandchildren to grow up in the same world as I did.”

Caroline van Velze, Creative Director

SCHOLARSHIP

Innovation and product development are paramount at Zuiver. Due to inspirational cross-pollinations with previous co-creators, the need grew for our own 'breeding ground' for up-and-coming designers, where we provide them with comprehensive opportunities and experiences and equip them with knowledge during the overall process from idea to production. We want to enable students, graduates, and young designers to develop their creativity in an international learning environment and jumpstart their career as a designer.

BARBIER SERIES

A marriage from 2016 between functionality and elegance. That's how we describe our popular Barbier cabinet series. We wanted a clever cabinet to create a clean space without clutter. Its sliding doors are designed to keep what's inside out of sight. The entire family is made of durable wood, like walnut, ash and oak. Available in three different colours, so it blends in every space.

ALBERT KUIP SERIES

A popular and accessible piece, because comfort and design come together in this chair. The Albert Kuip chair was designed in 2017 in collaboration with Studio APE from our capital Amsterdam. The seat is made of 100% polypropylene and has strong ash wooden legs. As an ode to our capital, the chair is called after the most famous market: the Albert Cuyp.
