Our values

Danish identity

Halo Design was founded in 1994 by the Danish entrepreneur Michael Waltersdorff at the age of 18.

Nordic design

We believe that by studying our roots and constantly developing a modern design language, our light solutions are highly distinctive yet recognizable on the global market.

Functionality

We want our products to improve everyday life. For this reason, we integrate our lamps with interesting features that enhance the user experience in original ways.

Value for money

Good design is truly great when it can offer a unique experience at a reasonable price. We always seek to develop feasible solutions that balance aesthetics and functionality.

The light that surrounds us defines how all things look and has a strong influence on our state of mind. We believe that a positive and cozy environment needs the appropriate light to make people comfortable.

Technology today enables us to deliver customizable and highly efficient light that can enhance our feelings. Therefore, lamps must be functional and technically advanced to integrate organically in an environment to make us feel at home.

Our goal

Halo Design crafts original and functional lamps with a Scandinavian minimalism in mind. We constantly reinvent our design language to be contemporary and sustainable. At the same time, we are faithful to our philosophy of developing lighting solutions that are aesthetically unique, yet affordable for many.

Stepp 1-2-3

Stepp 1-2-3 is the latest creation for Halo Design Copenhagen by the award-winning Danish designer. Tom Stepp trained as an architect at the Royal Danish Academy of Fine Arts and he was the founder of Stepp Industrial Design, a design studio that has received several awards and prizes.

Dark Blue
Art. 746088

Size: Ø22, H28 cm
Material: Metal
Color: Dark blue, antique brass
Light: 2,5 Watt, dimmable, 2700K
Battery: 4000 mAh (> 8 hours)
Outdoor: yes, IP54

Stockholm Nordic Edition

Aesthetic and material research results in the Stockholm family. With the new Nordic Edition lamps, we wanted to give them a natural look by combining wood with brass.

The lamps also have fine details such as a pivot point on the shade of the pendant models, which is useful for rotating and positioning the lamps as required.

NEW

Designed by Emanuele Patton & Michael Waltersdorff

Stockholm Nordic Edition Ø30

Nature

Art. 746712

Size: Ø30 cm, H30 cm
Material: Wood, brass
Color: Natural finish, antique brass
Socket: E27, Max 40W, excl.
Cable: 250 cm black textile

Stockholm Nordic Edition Ø30

Black Oiled

Socket: E27
Light: 7W-3,8W-1,3W
806-380-100 lm, 2700K

With memory function

DC Textile

DC is a family of lamps with a simple and Scandinavian inspired design. Thanks to its round shapes and the combination of metal and wood, this range immediately became one of our classics. The veneered oak arch also has a very important function in rotating the shade of the lamps and directing the light freely. Now combining wood, metal and fabric.

NEW
