

Silent series

Designed by Meike Harde, Germany

A minimalist range of sideboards, bookcases, and dressers made by hand with superior craftsmanship, offering an elegantly understated aesthetic for your space. The design features discreet and sophisticated details, such as the diagonally cut shape on the doors and drawer fronts which create an effect that changes throughout the day as light and shadow shift.

Meet the designer

My designs are characterized through fine structures, certain transparencies and subtle details adapted in pure shapes. My designs aim towards an aesthetic synergy of material and form. I believe that a decorative element should walk hand in hand with a useful purpose. For me, function and aesthetic are a unified whole.
